

# Indiana

## A Hunger and Poverty Snapshot

Between 2019-2021:

- Food insecurity in Indiana averaged 9.7%.<sup>1</sup>
- Indiana’s food insecurity rate was 7% lower than the national average of 10.4%.<sup>2</sup>
- The official poverty rate (which does not account for income from safety-net and tax-support programs such as SNAP, EITC, and others) in the state averaged 10.9%.<sup>3</sup>
- But using the Supplemental Poverty Measure (which does include safety-net and tax-support income), the poverty rate falls to 7.4%.<sup>4</sup> In other words, these programs reduced the poverty rate in Indiana by 32% and the number of people living in poverty by 233,000.<sup>5</sup>
- SNAP, alone, lifted 141,000 people above the poverty line in Indiana, including 66,000 children, per year between 2013 and 2017, on average.<sup>6</sup>

## Why Bread for the World is Focused on the Farm Bill

The Farm bill is scheduled to be reauthorized in 2023. No legislation has more impact than a farm bill on the US food system and the nation’s ability to provide healthy food at affordable prices to everyone.

Bread for the World’s farm bill priorities include a focus on nutrition, equity, and sustainability. We believe Indiana has a lot to gain from a farm bill legislated with these priorities in mind.

Nutrition	Equity	Sustainability
<p>Bread for the World supports strengthening SNAP in Indiana.</p> <p>Not only is SNAP the flagship food security and nutrition program, it is indispensable to better health outcomes and economic prosperity.</p> <p>In 2021, 9% of Indiana residents were helped by SNAP.<sup>11</sup></p> <ul style="list-style-type: none"> <li>Roughly 231,200 workers in Indiana live in households that participated in SNAP in 2021.<sup>12</sup></li> <li>SNAP helps 1 in 13 workers in Indiana put food on the table.<sup>13</sup></li> <li>74% of SNAP participants were in families with children, and 33% in families with members who are older adults or are disabled.<sup>14</sup></li> <li>75% of all SNAP-eligible people in Indiana participate in the program.<sup>15</sup></li> </ul>	<p>Bread for the World supports farm policies that promote a more equitable food system in Indiana.</p> <p>The Indiana population is 77.5% white. According to the most recent Census of Agriculture, 99% of farmers and ranchers (producers) in Indiana are white and occupy 99% of all farmland.<sup>16</sup></p> <ul style="list-style-type: none"> <li>Black producers represent &lt;1% and occupy &lt;1% of farmland.</li> <li>Hispanic producers represent &lt;1% and occupy &lt;1% of farmland.</li> <li>Indigenous producers represent &lt;1% and occupy &lt;1% of farmland.</li> </ul>	<p>Bread for the World is committed to eradicating food insecurity by building a more sustainable food system in Indiana.</p> <p>Reducing unnecessary food waste is one way to build a more sustainable food system.</p> <p>In 2019, 1.6 million tons<sup>17</sup> of surplus food in Indiana went to waste instead of reaching those who needed it, an amount equal to:</p> <ul style="list-style-type: none"> <li>2.58 billion meals unsold or uneaten.<sup>18</sup></li> <li>\$8.28 billion in lost sales.<sup>19</sup></li> <li>Annual CO2 emissions produced by 1,344,528 gasoline-powered cars.<sup>20, 21</sup></li> </ul>
