

Missouri

A Hunger and Poverty Snapshot

Between 2019-2021:

- Food insecurity in Missouri averaged 12.0%.¹
- That makes Missouri the 10th hungriest state with a food insecurity rate 13% higher than the national average of 10.4%.²
- The official poverty rate (which does not account for income from safety-net and tax-support programs such as SNAP, EITC, and others) in the state averaged 10.4%.³
- But using the Supplemental Poverty Measure (which does include safety-net and tax-support income), the poverty rate falls to 8.2%.⁴ In other words, these programs reduced the poverty rate in Missouri by 21% and the number of people living in poverty by 203,000.⁵
- SNAP, alone, lifted 131,000 people above the poverty line in Missouri, including 58,000 children, per year between 2013 and 2017, on average.⁶

Why Bread for the World is Focused on the Farm Bill

The Farm bill is scheduled to be reauthorized in 2023. No legislation has more impact than a farm bill on the US food system and the nation’s ability to provide healthy food at affordable prices to everyone.

Bread for the World’s farm bill priorities include a focus on nutrition, equity, and sustainability. We believe Missouri has a lot to gain from a farm bill legislated with these priorities in mind.

Nutrition	Equity	Sustainability
<p>Bread for the World supports strengthening SNAP in Missouri.</p> <p>Not only is SNAP the flagship food security and nutrition program, it is indispensable to better health outcomes and economic prosperity.</p> <p>In 2021, 11% of Missouri residents were helped by SNAP.¹¹</p> <ul style="list-style-type: none"> Roughly 242,300 workers in Missouri live in households that participated in SNAP in 2021.¹² SNAP helps 1 in 12 workers in Missouri put food on the table.¹³ 71% of SNAP participants were in families with children, and 37% in families with members who are older adults or are disabled.¹⁴ 87% of all SNAP-eligible people in Missouri participate in the program.¹⁵ 	<p>Bread for the World supports farm policies that promote a more equitable food system in Missouri.</p> <p>The Missouri population is 78.7% white. According to the most recent Census of Agriculture, 98% of farmers and ranchers (producers) in Missouri are white and occupy 99% of all farmland.¹⁶</p> <ul style="list-style-type: none"> Black producers represent <1% and occupy <1% of farmland. Hispanic producers represent <1% and occupy <1% of farmland. Asian producers represent <1% and occupy <1% of farmland Indigenous producers represent <1% and occupy <1% of farmland. 	<p>Bread for the World is committed to eradicating food insecurity by building a more sustainable food system in Missouri.</p> <p>Reducing unnecessary food waste is one way to build a more sustainable food system.</p> <p>In 2019, 1.24 million tons¹⁷ of surplus food in Missouri went to waste instead of reaching those who needed it, an amount equal to:</p> <ul style="list-style-type: none"> 2 billion meals unsold or uneaten.¹⁸ \$7.5 billion in lost sales.¹⁹ Annual CO2 emissions produced by 1,163,534 gasoline-powered cars.^{20,21}
